---	---

VERY IMPORTANT NOTICE

Please read carefully. Beginning July 1, 2009, MaineCare is no longer reimbursing Scattered Site Private Non-Medical Institution Services. If you are getting this letter, you are in this group.

The Department of Health and Human Services has to start funding the services you get with your housing differently. **THIS WILL NOT AFFECT YOUR HOUSING.** This only impacts how the services you get to support you in your housing are paid to your provider. You will still get the services you need, but your provider will be paid in a different way that separates your housing from your services. Your provider will meet with you to talk about the services that you will still get. If your provider has not talked with you about this, you should contact your provider. Your provider should be able to answer any questions you may have about this letter.

You can't have a hearing to get a service that MaineCare is ending or limiting.

These changes are a matter of law or policy and apply to everyone currently eligible to receive scattered site PNMI services. Because of this, you cannot get a hearing if you disagree with these changes. As always, you can have a hearing if you think you are in the wrong MaineCare group or you don't agree with other MaineCare decisions.

If you have questions, you should contact the DHHS Office of Adult Mental Health at (207) 462-4289.
